Medical Testimonials

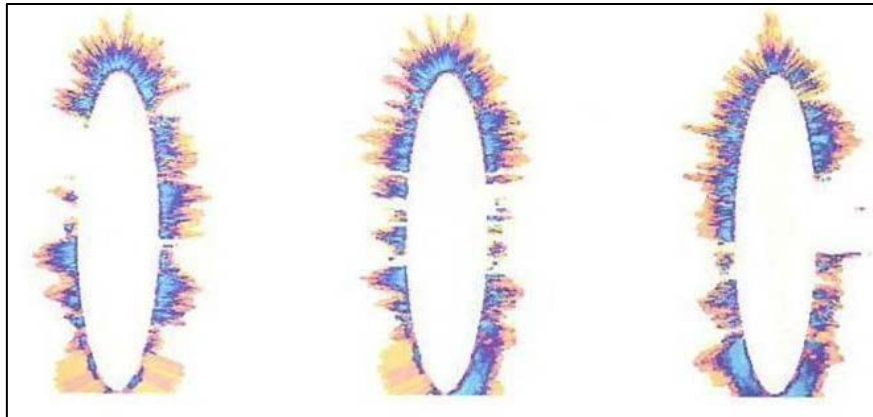

Dr. Edmund Gergerian, MD, Chief of Psychiatry at SIDDSO: Staten Island Developmental Disabilities Services Office "As a long time practitioner and educator in the field of mental health, I became interested in various energy modalities in the mid-nineties. One of them that I found to be very exciting was the Universal Calibration Lattice, which is an evolutionary energy system that best complements the Biopsychosocial Model by augmenting the human into a consciously evolving energy being through the use of the EMF Balancing Technique®."

Dr. Todd Ovokaitys, BA, MD - Gematria Products, Inc. Laser Energized Nutritional Supplements “The EMF Balancing Technique® developed by Peggy Phoenix Dubro is a profound and deeply insightful method to promote well being, balance, and expanded awareness. The creator of this method has poured clear intention into being of the greatest possible service.”
