Invocation of Blessings from Jeshua

In February, I had the privilege of going to Sedona, Arizona to attend the Master Blessing Seminar held by Glenda Green.

One hundred participants learned the procedures, invocations and energetic engagements that Jeshua originally taught to Glenda for those beautiful Sunday Blessings she offers by telephone. These one hundred participants are now members of the international Blessing Team, expanding Jeshua's blessings around the world.

We are now qualified to offer blessings locally in person. We also regularly join together by phone to offer blessings for the planet, international situations, individuals, etc. Many of us attend the Sunday Blessings along with Glenda to amplify and expand the already powerful energy of the Blessing from Jeshua that she offers.

You can find peace, joy and personal transformation through the phone-in blessings, or you can receive a live private or group blessings from Jeshua by contacting me. There is no charge for this work, although loving donations are welcomed. To participate in the phone-in blessings, call 1-712-432-3100 (conference call code 757009). It is presently offered every Sunday at 4:00 pm EDT. To receive a live blessing, just contact me.

From the Authors of The Law of Attraction Books

You have your hand on the switch. You are the allower or the resister. And your emotions tell you which you're doing right now.

It's easy once you understand the formula: When you feel good, you're allowing good. When you don't feel good, you are not allowing good.

We didn't say, when you feel good you are allowing good, and when you feel bad you are allowing bad (although it may translate into your experience in that way).

There is only a Source of Well-being--which you are allowing or not.

A Prayer Request from Fuma, a Japanese Monk

The damage of the earthquake in Japan is devastating. Unable to cool down the reactor, we are facing a possibility of nuclear explosion. Please join our prayer. Feel free to forward this prayer request to anyone. It would be great if more people can pray.

Here is a translation of a message/oracle from the Ise Shrine in Japan:

After sunset we need strong power of prayer.
Please let me deliver the message to as many as possible.
We can stop this earthquake with our prayers, but right now the nuclear plant is in danger.

Please heal the suffering, sadness, anger, worry about nuclear plants.
Please do not think that this accident will bring justice.

Please care for each other.
The energy toward conflict and fight is also fuelling the things happening right now.
Please stop the conflict and stop the fight and change the worrying voice to the power of prayer.
Please pray that as many people as possible can be saved.

We will be okay. If our hearts start connecting with each other the earth will be healed.

There are the sounds/vibrations that can release the karma of earth. Anyone who can make a prayer sound, anyone who can do reiki, anyone who can do long distance healing, please direct your energy to the center of Japan. The exact location is above the Hachirogata, Akita Prefecture.

If you can sing, please sing. Humming is fine too. Let the earth listen to the sound.

Please send gratitude to the earth. If mother earth wakes up, everything will stop.
The word Song/Sing writes in Japanese Kanji - small possibilities support a big lack.
Please send your prayer to the Earth to wake up the Spirit.

I will be in meditation after the sunset. I will pray for the light shining in the sky even in the darkness.
May everyone be safe. Thank you for supporting my heart at this very difficult time.

In Gratitude for our Life,
Fuma

Hachirogata (八郎潟 Hachirōgata) is a lake in the Akita Prefecture in northern Japan. Its formal name is Lake Hachiro (八郎湖 Hachirō-ko), but it is also called Hachirogata Regulating Pond (八郎潟調整池 Hachirōgata chōseichi).

At 4 meters below sea level, Hachirogata is now the lowest point in Japan. It is known as a typical double caldera of volcanic origin, encircled by sommas about 800 m in altitude. The lake water drains from the northeastern part via Oirase River and eventually to the Pacific Ocean

The Moment Between The Question and the Answer

Beloved ones, the world is changing. This you already know. What you don't yet comprehend is the scope of the change and what is really happening. In the truth of the greater perspective of the cosmic awakening that Love is, here in the world your lives are based on an idea that is not supported by life. Therefore, it cannot be sustained.

What you must come to understand is that everything is Love and consciousness. The substance of Love -- that which I Am -- is awakening to itself, eternally, in this Now, this timeless instant. This world is an implosion where the question was asked: "Can that which is not Love be sustained?" This question arose from the misperception of some of the cells of My heart, thinking they had been turned away, "kicked out" of Paradise, rather than the truth -- that they had been given the greatest of all gifts -- the gift of fully conscious creative life.

In your perceptions as a human being who believes the world is real, there are eons of evolution in this world. But from the vast perspective of the timeless Whole of God, it is one moment... question asked and answered...and the question and the answer happen simultaneously in one instant.

So, you are experiencing the wave of change that is the moment between the asking and answering. It is the wave of awareness that goes forth and says, "Not Love?..." and holds its breath waiting to see what the response is. The wave of Love says, "Love is the only truth and Love is life, is God. That which is not Love has no substance and cannot truly exist. It must always be held as an illusion created by a mind, held apart from the breath of Love."

When you come to understand ...and this is what I am opening for you now...that everything is consciousness and Love, then you will realize that the waves of change are not only constant but they are effortless as consciousness shifts and changes and Love knows itself in more and more fullness.

This is exactly what is happening now. The consciousness of Love that is humanity is coming to recognize that the misperception, the illusion of "not Love" has no substance, no depth, no riches, no treasures from the Cosmic Treasury.

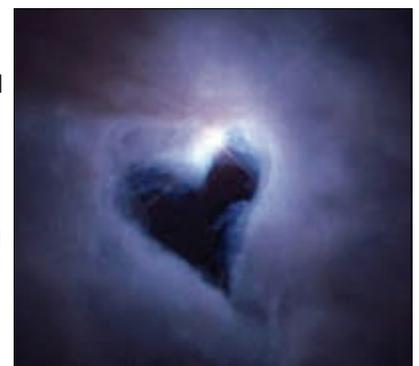

Thus, it opens itself to the reality of Love and instantly has access to the Kingdom, the Queendom of God I Am. As you experience this awakening of the heart, this birth or re-birth of the consciousness of Love, what you are witnessing is the shift from a life that is at best three-dimensional to a life that is truly ultra-dimensional. Every dimension of the hologram of God is thus available in this Now, this instant with a richness of life that you cannot comprehend when viewing the world through the prism of "not Love."

Whether you understand these concepts or these words, your heart understands freedom and knows itself as ready to behold and hold the truth that everything is flowing, open Love. Thus, beloved ones, in your lives I ask you to let every resistance to Love fall away. Drop it like a hot iron! Release it, for it has bound you. Let your heart come out to play with Me as the joyous shout, the answer to the question posed by life on Earth: "Only Love is Real. Love is conscious and free."

Holding this resonance, the truth that only Love is Real, you can stand then in the world as this beacon, as the answer to the question that is asked by every circumstance in which human beings find themselves beleaguered or in difficulty. Hear the living Spirit whisper in your heart, asked and answered, "Only Love and freedom..."

The world has been created on a limited plane, a reality that skims the surface of life, but your heart is bringing the recognition of the glory of this rich life within you, and I Am here to show you how to access it right Now.

Quotation from Tao Te Ching

Look, and it can't be seen.
Listen, and it can't be heard.
Reach, and it can't be grasped.

Above, it isn't bright.
Below, it isn't dark.
Seamless, unnameable,
it returns to the realm of nothing.
Form that includes all forms,
image without an image,
subtle, beyond all conception.

Approach it and there is no beginning;
follow it and there is no end.
You can't know it, but you can be it,
at ease in your own life.
Just realize where you come from:
this is the essence of wisdom.

What Will I Bring To You To Love Today?

The Home of your heart is in Me. Only when your heart is centered here, alive and focused in the realms of Love, will you have the balanced life that you seek – the life in which every breath is the breath of the Spirit.

With every moment your heart soars, as you are wondering what I will bring to you. What will I bring to you to love today? A person? An animal? A principle of Love's expansiveness? And when I bring it to you, how deeply will you love it? Will you love it as you love Me?

Happiness is Your Nature

Happiness is your nature.
It is not wrong to desire it.
What is wrong is seeking it outside when it is inside.

Wanting to reform the world without discovering one's true self is like trying to cover the world with leather to avoid the pain of walking on stones and thorns.
It is much simpler to wear shoes.
