Empowering Your Statement of Focused Intent Meditation

Marianne joyfully presents this new meditation filled with the energy of love. This meditation initiates the next resonance of transformational evolution within your Lattice to strengthen your energy of Self direction and Self support. It is designed to encourage and nurture the choices and intents you make during today's seminar.

You are energy, timeless, and infinite! Are you ready to manifest the **next level of freedom** in your life?

In his bestselling book *The Lost Symbol*, Dan Brown refers to Lynn McTaggart and her research with the worldwide Intention Experiment, and he supports the theory that there is **an organized system of energy extending beyond the physical body that can affect physical reality**.

In 2007 Peggy Phoenix Dubro, founder of the EMF Balancing Technique® and the EMF Symbol was a keynote speaker at the Biology of Transformation Conference hosted by McTaggart, where she presented the theory and history of her work with the Universal Calibration Lattice®, **an organized system of energy extending beyond the physical body** that is your personal link to the universal energy source.
